

DOT HAZARDOUS MATERIAL (HAZMAT) & HAZARDOUS WASTE MANAGEMENT (EPA/RCRA) TRAINING SEMINARS

Boynton Beach, FL - February 10, 2010

Holiday Inn West Palm Beach Turnpike - 7859 Lake Worth Road, Lake Worth, FL 33467

DOT Hazardous Materials (HazMat) Training

Course Description

This half-day DOT seminar will teach your employees the proper prepping, packaging, placarding, and labeling required to ship Hazardous Materials. Every employee involved in shipping, transporting, or handling hazardous materials must receive training to be certified; the training must be repeated at least every 36 months; and the training must be updated whenever there is a regulation change affecting an employee's job duties.

Who Should Attend?

Employees who:

- Load, unload, or handle hazardous materials
- Design, manufacture, fabricate, inspect, mark, maintain, recondition, repair, or test a package, container or packaging component that is represented, marked, certified, or sold as qualified for use in transporting hazardous material in commerce
- Prepare hazardous materials for transportation
- Are responsible for safely transporting hazardous materials
- Operate a vehicle to transport hazardous materials.

The Class Will Cover the Following Details:

Definition of Hazardous Materials and HazMat Employees, Health and Physical Hazards – Chemicals, Hazard Detection and Identification, Basic Understanding of Hazardous Materials, Requirements during Transport, Security of Hazardous Materials in Storage and Shipment, The Hazardous Materials Table, Basic Packaging Requirements, Marking and Labeling, Placarding, Shipping Papers, Emergency Response Information.

This program meets the DOT HazMat general awareness requirements.

Resource Conservation and Recovery Act (RCRA) Training

Course Description

This half-day seminar will teach your employees how to identify hazardous waste, proper waste management of hazardous and universal wastes, how to complete manifests accurately and emergency preparedness and release reporting.

Who Should Attend?

Waste handlers, emergency responders, environmental managers, and anyone else with a basic knowledge of hazardous waste requirements seeking an update and refresher on current hazardous and universal waste requirements.

The Class Will Cover the Following Details:

Regulation Review, Identification of Hazardous Waste, General Waste Management, Special Wastes, Pre-Transport Requirements, Emergency Response, Release Reporting, and Waste Minimization.

This RCRA Seminar fulfills the training requirements under the Resource Conservation and Recovery Act (RCRA) for anyone who generates Hazardous Waste.

Cost for one employee is \$599 for the full day (both classes), and \$499 for the half day (one of the classes). We provide all the training materials as requested by the DOT and EPA.

For additional information or to enroll in this seminar please call Safety-Kleen at 888-897-8681 or 561-736-1339.

Safety-Kleen offers a complete portfolio of compliance services through the expertise of our strategic partner, U.S. Compliance. Please contact us if you have questions or concerns on where your facility stands regarding environmental and safety compliance. We would be happy to assist you.
